Under IAS 38,

Intangible Assets are property that does not have a physical form but meets the three definition criteria:

identifiable,  
controllable property that provides future economic benefits.

Examples include:  
patents, licenses, & brands.

And, IAS 38 expands this definition for intangible assets by specifying that on top of basic definition, an intangible asset is an identifiable non-monetary asset without physical substance. To sum up, each intangible asset has 3 main characteristics: It is controlled by the entity; No physical substance; It is identifiable.
